

Newest Family Returns to Gifford Lake

Adam Gordon has fond childhood memories of swimming across Gifford Lake when visiting his grandparents Bob and Gail Stegmier with his mother Kathy.

Now, Adam, and his wife Tami, are the newest property owners on our lake and association members. They purchased the former Mari Beswick place at 8768 S. Evergreen Rd. this winter. The couple has two grown sons, who look forward to visiting the lake.

"Tami and I are excited to begin our own journey as part of the Gifford Lake community," says Adam. "We're anxious to meet the neighbors and make new friends. Please stop by to say hello."

Adam and Tami make their permanent home in Comstock Park, near Grand Rapids. Adam owns an auto repair business in the area and is a part-time realtor. Tami works from home doing medical billing. The couple enjoys attending concerts, classic cars and playing cribbage. The Gordons are big dog people, having a rescue pit bull named Pennylane and two Boston terriers named William and Annie Lee. Adam says one of the first projects at the cottage will be to build a fenced-in area for the dogs.

The Gifford Lake Association welcomes the Gordon family to the lake.

Newest family on Gifford Lake: Meet Adam and Tami Gordon and their furry friends. The couple purchased the former Mari Beswick cottage this past winter and have already become members of the Gifford Lake Association.
